You may take your medications with water and we encourage you to drink water prior to your appointment.

6. **WELLNESS EXAMS:** Dr. Ferrill treats the appointment for physicals (complete or gynecologic) as a time to address wellness issues including cancer screenings and preventative health issues. If you need follow up of routine medical conditions or have several problems you need addressed, please make a separate, problem oriented appointment.

Dr. Ferrill and the staff of Family Medical Center at Cinco Ranch look forward to taking care of you and your family. It is our goal to make your experience as pleasant as possible and to develop relationships that will last for years to come.
